None

PUBLIC HEARINGS

Hargreaves-McDonald

- 113-2022 BE IT RESOLVED that the regular meeting of council be recessed to allow council to hold Public Hearings to receive representations from any person who wish to make them in respect to two variation applications and a development plan amendment. CARRIED.

Public Hearing on Minor Variation Application V3/22 to reduce the parcel size for the residual parcel from 80 acres to 70.93 acres in the AG Zone at NW ¼ 26-8-19 WPM (Wiebe)

There was no one in attendance for the Hearing.

McDonald-Cory

- 114-2022 WHEREAS all representatives in regard to Minor Variation Application No. V3/22 to reduce the parcel size for the residual parcel from 80 acres to 70.93 acres for property located in the NW ¼ 26-8-19 WPM (Wiebe) have been dealt with;

THEREFORE BE IT RESOLVED that the public hearing be concluded. CARRIED.

Public Hearing on Variation Application V4/22 to reduce the parcel site width for the residual parcel from 1,000 feet to approximately 809 feet in the AG Zone at NW ¼ 26-8-19 WPM (Wiebe)

There was no one in attendance for the Hearing.

Hargreaves-Cory

115-2022 WHEREAS all representatives in regard to Variation Application No. V4/22 to reduce the parcel site width for the residual parcel from 1,000 feet to approximately 809 feet for property located in the NW ¼ 26-8-19 WPM (Wiebe) have been dealt with;

THEREFORE BE IT RESOLVED that the public hearing be concluded. CARRIED.

Public Hearing on Development Plan Amendment By-law No. 21-2021 to redesignate land in the NW ¼ 2-8-19 WPM from Agriculture General Area to Rural Residential Area (Durand)

A written report was received from Community and Regional Planning dated April 11, 2022.

A written presentation in support of the application was received from Gilbert and Janine Durand.

Written opposition was received from Jason Flikweert of 2&10 Metal Recycling Ltd.

Verbal representation was received as follows:

Gilbert and Janine Durand were in attendance in support of their application and to answer questions.

Daniel Burns, NE ¼ 2-8-19 WPM, appeared in opposition to the application. He indicated he did not believe the proposed location was a fit with the surrounding area and did not meet the three test requirements set out in The Planning Act, the Development Plan and the Zoning By-law. He noted the surrounding area was large holdings for agricultural purposes. Redesignation of the area would be likely to result in conflicts between existing agricultural operations and new residential parcels. A copy of his presentation was being sent to the office to be placed on file.

Murray Kozak, S ½ 2-8-19 WPM, appeared in opposition to the application as he has a cattle operation with between 75 to 100 animals and has concerns with respect to water supply and the potential for conflict with a residential development.

Jason Flikweert, owner of 2 & 10 Metal Recycling in SE ¼ 2-8-19 WPM, appeared before Council appeared in opposition to the application with respect to the density being proposed.

Sharla Dillabough, Regional Planner with Community and Regional Planning, appeared before Council to review her written report and comments provided by other government agencies.

- 116-2022 McDonald-Cory
WHEREAS all representatives in regard to Development Plan Amendment By-law No. 21-2021 to redesignate property located in NW ¼ 2-8-19 WPM (Durand) have been dealt with;

THEREFORE BE IT RESOLVED that the public hearing be concluded and Council resume its normal order of business. CARRIED.

Changes to the Pesticide & Fertilizer jug recycling program in Manitoba (2022 - 2024)

In January 2022 it was announced that the <23L pesticide & fertilizer container recycling program will transition from a municipal-based collection model to retail based collection model across the province of Manitoba over the next three years. The lowest-volume municipal sites in the province will close by end-of-year 2022, medium-volume municipal sites will close by end-of-year 2023, and the highest-volume sites will operate through to the end of 2024.

Subject: NEWS RELEASE - 8 in 10 Manitobans support PST rebates to municipalities

NEWS RELEASE

8 in 10 Manitobans support PST rebates to municipalities

April 10, 2022 - The Association of Manitoba Municipalities (AMM) recently commissioned a Probe Research poll asking whether the provincial government should provide PST rebates to Manitoba municipalities.

Out of 1,000 respondents, **78 per cent** indicated that they strongly agree or somewhat agree that the provincial government should return provincial sales tax (PST) payments to local governments.

“Manitoba municipalities pay PST and federal goods and services tax (GST), however the federal government rebates the GST while the provincial government does not return the approximate \$25 million paid annually in PST,” explained AMM President Kam Blight. “These funds could be immediately reinvested in local communities to address our growing infrastructure deficit and help spur a quicker economic recovery from the pandemic.”

The AMM has long called for a PST rebate since one order of government should not tax another. *“Clearly, the vast majority of Manitobans support our call since there is only one taxpayer and tax dollars should be used efficiently to advance growth projects. PST funds should remain in local communities where they are needed the most,”* added President Blight.

As the provincial budget will be unveiled on April 12th, the AMM will be looking for movement on rebating the PST to municipalities as one option to lift the six-year freeze on municipal operating funding as well as the provision of additional supports to help offset the estimated \$91.8 million operating loss experienced in 2021 by municipalities due to the pandemic. AMM President Kam Blight will be at the Manitoba Legislature on Budget Day to provide comments.

The findings of the Probe Research poll can be found at the following link:
http://www.amm.mb.ca/download/other_documents/2022.04.10-Infographic-Support-for-PST-Rebates-to-Municipalities-March-2022.pdf

Subject: NEWS RELEASE - Provincial Budget Boosts Communities Fund, Key Issues Remain Unresolved

ASSOCIATION OF
MANITOBA
MUNICIPALITIES

NEWS RELEASE

Provincial Budget Boosts Communities Fund, Key Issues Remain Unresolved

April 13, 2022 – Budget 2022 includes several changes to funding and select programs that are of interest to Manitoba municipalities, including:

- A higher ceiling for the Building Sustainable Communities Fund (from \$10M to \$25M);
- \$9M in dedicated funding for the Green Teams program (from \$5M to \$9M);
- Increased support for the Manitoba Water Services Board (from \$15.8M to \$20M);
- Resolution of a payments-in-lieu of tax issue raised repeatedly by AMM members;
- \$7.2B for health care, the most significant health care investment in the province to date; and
- Over \$2.4B in strategic infrastructure investments between 2022 and 2024.

While the Building Sustainable Communities program is open to other applicants, not just Manitoba municipalities, municipal leaders confirm that the program is popular across Manitoba, and the \$25M fund will help promote sustainability and resilience in local communities.

The Province also announced an agreement with the federal government to address transit operating shortfalls – a commitment that will be critical to several municipalities.

However, the AMM noted that critical issues raised with the Province to help spur a quicker economic recovery from the pandemic remain outstanding, namely the inconsistent treatment of municipalities on provincial sales taxes and ongoing municipal operating funding freeze - which will now be extended into its seventh year.

“Key issues central to the success and sustainability of Manitoba’s municipalities remain unresolved,” stated AMM President Kam Blight. “We are ready for continued dialogue with provincial officials to find solutions to unresolved issues facing our member municipalities.”

Budget 2022 documents are available at www.manitoba.ca/budget2022.

MUNICIPALITIES

MEMBER ADVISORY

Manitoba EMO Information

April 25, 2022 - Please be advised that Manitoba Emergency Measures Organization (EMO) has provided municipalities with information for Regional Emergency Managers (REM) as well as information regarding Spring flooding road changes.

Please note that Manitoba EMO has a 24/7 Duty Officer available for emergencies. They can be reached at **(204) 945-5555**. Additionally, each municipality has an assigned Regional Emergency Manager (REM) within Manitoba EMO they can speak to directly to ask questions and seek guidance. A map of regions can be found on the [Manitoba Government website](#). The REMs for each of the regions are as follows:

- **Jordan Nastiuk** – Senior Regional Emergency Manager
Capital/Red River Region
- **Kim Fiddler** – Regional Emergency Manager
Eastern/North Region
- **Chris Hurley** – Regional Emergency Manager

Central Region

- **Bob Schkawritka** – Regional Emergency Manager

Western Region

Municipal road closures can be reported using the attached **2022 Spring Flood road change form** and sending the document to the emodutyofficer@gov.mb.ca and to emsroadclosures@gov.mb.ca.

Municipalities can report impacts using the Community Impact Assessment form on our website located **HERE**. This includes reporting damages to both private and public sector.

Based on the recent weather events, please keep a record of all receipts related to the snow/flooding event within your communities.

Sincerely,

Denys Volkov
Executive Director

Subject: Provincial Responses to 2021 AMM Resolutions

ASSOCIATION OF
MANITOBA
MUNICIPALITIES

Dear Municipal Officials,

Every year after the AMM Annual Convention, newly passed resolutions are sent to the appropriate government departments for their response. These responses help the AMM to set the direction for its lobbying strategies, although the AMM does not necessarily wait for a response to take action on these issues. We are happy to be able to demonstrate good progress already on some of the new resolutions put forward by our membership last year.

We are sending these responses in an electronic format, as we have in previous years. This will allow you to print off those responses that are of the greatest interest to you and have the other responses on hand for reference.

Please note that initial resolution responses are just the first step in the AMM advocacy process. The AMM follows up on all resolutions during meetings with senior government officials and Ministers. If you are interested in receiving a progress update on any particular resolution, please reach out to AMM staff.

These are the responses that we have received as of April 25, 2022;

2021 Resolution response from Minister of Agriculture

2021 Resolution response from Minister of Environment, Climate and Parks

2021 Resolution response from Minister of Finance

2021 Resolution response from Minister of Infrastructure

2021 Resolution response from Minister of Justice and Attorney General

2021 Resolution response from Minister of Municipal Relations

For more information on AMM resolutions and the AMM resolution process please click [here](#).

Sincerely,

Denys Volkov
Executive Director

2022 Manitoba Planning Conference Registration Open

**Recovery and Resilience: Reimagining the
possibilities for planning and the future
May 31, June 1 & 2, 2022**

What does it mean to recover and be resilient? Planning, as a profession, is ideally placed to offer support in times of difficulty. The disruption of dominant paradigms offers a chance to develop new solutions to old problems, and creates imperatives to plan for future challenges. When executed correctly, recovery can go above and beyond, creating a more prosperous future than was previously possible. How can planning make a difference following challenges and uncertainty?

Federal Grade Crossings Regulations Webinar Information

NOTE: This message is being sent on behalf of Transport Canada.

May 4, 2022 - Transport Canada (TC) will be providing additional information sessions in order to share information with road authorities, on some of the key points to consider when applying for funding under the Rail Safety Improvement Program (RSIP). While, the key focus of these sessions will be the RSIP, TC will also touch on points of interest on the requirements of the Rail Safety **Grade Crossings Regulations (GCR)** and the changes that were made in November 2021 to the GCR compliance deadline.

You are invited to attend the information sessions from Transport Canada on the RSIP and the GCR via MS TEAMS platform. Please express your interest in joining one of the sessions below by sending an email to **Amadomo.saye@tc.gc.ca**. Please note additional information sessions will be held in June 2022.

- English session on May 17 from 1:30 PM to 3:00 PM (EST)
- French session on May 19 from 1:30 PM to 3:00 PM (EST)

We look forward for your participation. In the meantime, if you have any questions on the Rail Safety Improvement Program, please e-mail us at tc.rsipitr-pasfitr.tc@tc.gc.ca.

Subject: 2022 AMM District Meetings

Good afternoon Members,

We welcome your attendance at the 2022 District Meeting being hosted in person at each of the AMM's seven districts, June 9 through 24.

This year's agenda includes guest speakers, reports from AMM associates, recognition of those receiving Service Awards and Resolutions debate and voting.

RESOLUTIONS: Returning to the original format, the 2022 Resolutions will be debated and voted on during each in person District Meeting. [Click here to read more about the Resolutions process.](#)

REGISTRATION: Members are invited to register for their District's meeting. Please note that a registration fee will be in place by each hosting municipality.

On each of the links below, please review your District's draft agenda, 2022 meeting minutes, service pin criteria and link to the online application for service pins *and* registration link.

- Northern District: June 9
- Central District: June 15
- Eastern District: June 16
- Interlake District: June 17
- Parkland District: June 22
- Midwestern District: June 23
- Western District: June 24

This information can also be found in the [Member Meetings](#) section of the AMM website.

If you have any questions, please do not hesitate to contact [Donna Belbin, Events Coordinator](#) or visit the [Events](#) section of the AMM website.

Sincerely,
Denys Volkov

ASSOCIATION OF MANITOBA MUNICIPALITIES

The following are the minutes of the **2021 Western District Meeting** of the Association of Manitoba Municipalities, which took place virtually via **Zoom** on Thursday, June 17, 2021.

10:00 a.m. Meeting called to order

O' Canada

MINUTES OF 2021 WESTERN DISTRICT MEETING

BE IT HEREBY RESOLVED that the minutes of the 2021 Western District Meeting be adopted

- Moved by Mayor Stuart Olmstead, Town of Carberry
- Seconded by Councillor Scott Phillips, RM of Sifton

CARRIED

RESOLUTIONS COMMITTEE REPRESENTATIVE

- Reeve Ruth Mealy, Municipality of Grassland was announced Resolutions Committee Representative for Western District

Welcome Remarks

AMM President Kam Blight
Director Stuart Olmstead, Mayor – Town of Carberry
Director Rhonda Coupland, Councillor – Municipality of
Boissevain-Morton

Provincial Address

Minister Derek Johnson, Manitoba Municipal Relations

EXECUTIVE DIRECTOR'S REPORT

- Executive Director Denys Volkov provided updates on Advocacy Efforts – Bill C-21, AMM COVID-19 Survey and AMM Insurance Program.

PRESIDENT'S ADDRESS

President Kam Blight reported on the following issues:

- AMM Successes
- COVID-19 Municipal Support

VICE-PRESIDENTS' ADDRESS

Vice-President Chris Ewen reported on the following issues:

- Modernizing Education Funding
- Education Property Tax Phase-Out

VICE-PRESIDENTS' ADDRESS

Vice-President Brad Saluk reported on the following issue:

- Bill 37 - The Planning Amendment and City of Winnipeg Charter Amendment Act

RURAL MANITOBA ECONOMIC DEVELOPMENT CORPORATION

- Joe Masi, Co-Chair of the Board - RMED, provided a short profile of RMED; introduced RMED CEO, Margot Cathcart
- Margot Cathcart, CEO - RMED, gave presentation regarding RMED updates

WESTERN FINANCIAL GROUP MUNICIPAL INSURANCE PROGRAM

- Grant Ostir, President, and COO - Western Financial Group, provided an update on the municipal general insurance programs for property and casualty and employee health and dental benefits.

AMM TRADING COMPANY

- Ainsley Murdock, Client Relations Manager - Association of Manitoba Municipalities, gave a presentation regarding AMM Trading Company and Canoe Procurement Group of Canada.

OTHER BUSINESS

- District Members Q&A
- 2021 Service Awards Presentation

Future June District Meeting Host:

- 2022 – Municipality of Grassland

ELECTION OF WESTERN DISTRICT DIRECTORS

- Nominations closed on June 2, 2021, and 3 eligible candidates had accepted their nomination.
 1. Rhonda Coupland, Councillor, Municipality of Boissevain-Morton
 2. Stuart Olmstead, Mayor, Town of Carberry
 3. Tina Williams, Councillor, Town of Virden
- Candidate Speeches
- Test Ballot Run
- District Ballot Run
- Election Results

Total ppl voting: **57**

Total ballots spoiled: **0**

Total votes: **106**

Rhonda Coupland: **43**

Stuart Olmstead: **37**

Tina Williams: **26**

Councillor Rhonda Coupland of the Municipality of Boissevain-Morton elected as Western District Director.

Mayor Stuart Olmstead of Town of Carberry elected as Western District Director.

MOTION TO DESTROY E-BALLOTS

- Moved by Councillor Tracy Rimmer, Municipality of Glenboro-South Cypress
- Seconded by Councillor Donna Stewart, Municipality of Brenda-Waskada

CARRIED

ADJOURNMENT

The meeting is adjourned at 12:00 p.m.

- Moved by Councillor Donna Mitchell, RM of Elton
- Seconded by Councillor Mark Humphries, RM of Wallace-Woodworth

CARRIED

Service and Life Membership Pins

SERVICE PIN CRITERIA

- Years of service need not be consecutive. For the purpose of calculating service time, the total number of years served by a member of council, whether consecutive years or in two or more times served on council will be considered.
- Service need not be with the same municipality. For the purpose of calculating service time, the total number of years served by a member of council, whether with one or more municipalities within Manitoba will be considered.
- In the event a member of council fails to receive a service pin during the year that he/she reaches any service pin milestone, he/she may request the pin in a future year and will be awarded the respective pin either at the next district meeting or at any time as agreed to by the Executive Committee.
- Years of service are recognized once 5 years have been completed and are then recognized every 5 years following until year 40. An individual elected in October 2018 would have been eligible for a 5-year pin in 2023.

Click here to be directed to the 2022 Service Award submissions form.

LIFE MEMBERSHIP AWARD CRITERIA

All nominees must be endorsed by the council of an AMM member municipality or by the Board of Directors of the AMM.

- All nominees must be persons who were elected officials of a member municipality of AMM but no longer hold office as an elected official.
- In order to be eligible to receive a Life Membership pin the nominee shall:
 - (i) have served for not less than nine (9) years in an elected position in a municipality in Manitoba; and
 - (ii) be recognized as having made an outstanding or exemplary contribution towards the community in which he/she has served as an elected municipal official.
- All nominations received by the AMM will be considered by the Executive Committee. The Executive Committee shall decide whether the nominee shall be awarded a Life Membership Pin.
- Anyone who is to be awarded a Life Membership shall be notified in advance of the date, time and location that the pin will be awarded.

To submit a nominee for Life Membership, please send a letter of nomination and a complete outline of the contributions and achievements of your nominee for the Life Membership Award, by May 30, 2022 to:

events@amm.mb.ca

or mail to:

AMM, attn. Donna Belbin, 1910 Saskatchewan Avenue West, Portage la Prairie, MB R1N 0P1

MEMBER ADVISORY

Bill 22 Definitions - Pesticide Use Permits

NOTE: This message is being sent on behalf of Manitoba Environment, Climate and Parks.

May 9, 2022 - Please find the [attached letter](#) from Manitoba Environment, Climate and Parks.

On March 14, 2022, the Honourable Jeff Wharton, Minister of Environment, Climate and Parks, introduced Bill 22. Bill 22 amends The Environment Act to allow Manitobans to use federally approved cosmetic pesticides on their lawns. It also restricts the use of cosmetic pesticides in municipal playgrounds, picnic areas, and dog parks.

Environment, Climate and Parks requests your input on draft definitions for the new sensitive areas. The definitions will be included in pesticide use permits.

If you have any questions, please feel free to reach out to Larry Markwart, Acting Manager Livestock, Agriculture, and Pesticide Section, Environmental Approvals Branch at Larry.Markwart@gov.mb.ca or 204-392-3227.

Sincerely,

Denys Volkov
Executive Director

May 6, 2022

Dear Manitoba Municipalities:

On March 14, 2022, the Honourable Jeff Wharton, Minister of Environment, Climate and Parks, introduced Bill 22. Bill 22 amends The Environment Act (the act) to allow Manitobans to use federally approved cosmetic pesticides on their lawns. At the same time, it enhances protection for children and pets.

The Manitoba government is committed to protecting human health and the environment. It is also committed to science-based decision-making. Proposed changes to cosmetic pesticides legislation respond to what we heard from Manitobans, including in a survey conducted in 2016. An overview of the survey can be found [here](#). We heard the current legislation is not working because products are ineffective.

Proposed changes to the act and Non-Essential Pesticide Use Regulation would:

- Improve flexibility for households to choose products for their lawns that have already been approved through Health Canada's rigorous review process.
- Out of an abundance of caution, continue to protect children and pets by restricting pesticide use at schools, child care centres, and hospitals. The Bill also adds new restrictions on municipal playgrounds, picnic areas, dog parks, and provincial parks.
- Allow for the use of Health Canada approved cosmetic pesticides in low-risk areas such as municipal boulevards, sidewalks, right-of-ways, and fairgrounds.

All pesticides used in Manitoba must be approved by [Health Canada](#). Cosmetic pesticides currently restricted in Manitoba are deemed acceptable by Health Canada.

Health Canada thoroughly reviews pesticides and deems them safe when used according to the label. Over 350 Health Canada scientists are dedicated to the review of pesticides. They use the most recent data and science available to assess risks to human health and the environment. Any pesticide must go through this review before it can be sold in Canada.

If the Bill becomes legislation, pesticide use permits will still be required for municipalities, government departments, crown corporations, and owners of private property to which the public has access to for recreation, including for the use of cosmetic pesticides. Permits are available through the department. Although Bill 22 specifically restricts the use of cosmetic pesticides in municipal playgrounds, picnic areas, and dog parks, it does not define those areas. Instead, those areas will be defined in Pesticide Use Permits.

To inform the definitions, the department is seeking your input to ensure we understand the implications at a municipal level. The objective is to enhance protections for children and pets while making sure Pesticide Use Permits are clear and practical.

Some initial engagement has already occurred. Environment, Climate and Parks has met with the Association of Manitoba Municipalities (AMM), the City of Winnipeg, and the Manitoba Weed Supervisors Association (MWSA) representatives. In April, the department also presented these changes at the AMM Spring Convention and the MWSA Business Meeting.

During these initial meetings and presentations, we heard municipalities appreciate the improved flexibility for communities to have pleasing and usable greenspace. We also heard you would like clarity on where cosmetic pesticide use is allowed and not allowed.

We have incorporated what we heard in the following draft definitions and would like your input. We welcome your review and comment.

"Playground" means an area with a play structure or equipment, including, but not limited to, swing sets, slides, and teeter-totters, and includes the area within 15 meters around those play structures or equipment. A playground does not include a field or turf used for recreation or sporting events.

"Picnic area" means an area where one or more tables are located for the public to consume food and drink, and the area within 15 meters around those tables.

"Dog park" means an area designated by the local authority and identified by signage for dogs to exercise and play under the supervision of their owners.

Please provide your comments on the above definitions or any other input regarding changes to the way cosmetic pesticides are regulated in Manitoba to PesticideUsePermit@gov.mb.ca by May 30, 2022. We will use your feedback to revisit the definitions and adjust as needed. At that time, we may reach out for further discussion.

Thank you for considering this request. And thank you for working with us to better serve Manitobans. If you have questions, please do not hesitate to contact Larry Markwart, Acting Manager Livestock, Agriculture, and Pesticide Section, Environmental Approvals Branch at Larry.Markwart@gov.mb.ca or 204-392-3227.

Sincerely,

James Capotosto
Director

Subject: Green Energy from Waste

To: Ms. Joni Swidnicki
Chief Administrative Officer
MUNICIPALITY of OAKLAND-WAWANESA,
Nesbitt, MB, Manitoba
adminassist1@oakland-wawanesa.ca

Greetings and thank you for taking the time to read this email. My business partner and I are marketing and developing Waste-to-Energy Systems for landfill diversion of existing waste quantities and can process legacy waste in existing landfills as well (landfill mining), using them to produce energy and other products that can provide significant economic benefits. As our planet and our society face mounting challenges for the future, we are developing these systems to do three things to help the planet: 1) Divert waste to reduce and eliminate landfills and the associated issues and liabilities surrounding them; 2) Provide a significant economic benefit through the production of energy and other products, and; 3) Provide a significant reduction of Greenhouse gases.

We can produce energy from the pyrolysis process that consumes the waste in the forms of heat (steam or hot water), electricity, or liquid fuels such as bio diesel and/or hydrogen that could fuel public vehicles. Our systems run from small to medium scale and are modular allowing a large degree of flexibility to service any size community or region with varying waste management needs. These systems are based on technology that has been developed over twenty five years in Europe and Asia.

We have systems housed in 40' ocean going containers that process up to three tonnes of waste per day and can provide a significant energy input back into your jurisdiction. These systems are easily deployable and are perfect for northern and remote locales as well as urban, suburban and rural areas, and can be grouped together for processing larger amounts up to 20 tons per day. Along with this we also can build systems in fixed facilities to process from 20 up to 300 tons per day. If your jurisdiction doesn't currently have a landfill, these systems can be set up at transfer sites to take your current waste streams as well. Currently we are working with two municipalities and waste commissions in Alberta, three rural municipalities in western Manitoba where we will have a pilot system up and running later this year, as well as communities in Ontario, and in the US in Texas, New York and Florida.

We are a Canadian based business bringing international technology to the Canadian market. We are building our business here in Canada because we believe in the technology, we believe in assisting the conversion to

low-carbon energy and the reduction of greenhouse gases, and we want to benefit the people the environment and the economy of Canada. We are looking to contact people who are in positions of influence/action to further develop this program. If you or others you know of have interest, please let me know, thank you.

Hi

This new program is targeted to youth 15 to 29 who have a current Side Hustle or want to develop one and need support to do so. Please share this widely with all that you know that might be interested. Share with Business Teachers to youth groups. We want to acknowledge the generosity and talent of Community Futures Parkland in providing us with this amazing program that has been so successful in their region. We hope to have the same success. Please note that in this first intake will only be able to take 20 applications and deadline to get applications complete will be June 10th. Please see attached poster for distribution and additional information can be found on this link. If you are unsure if your community is in our region, check out the list of communities on our webpage. If you require further information, please feel free to contact me.

Subject: Queens Platinum Jubilee nominations

May 9, 2022

Dear Council Members,

On February 6, 2022, Her Majesty Queen Elizabeth II marked the 70th anniversary of Her accession to the Throne as Queen of Canada, an unprecedented historic occasion. In celebration of this event, a commemorative medal has been created by the Government of Manitoba. The Queen Elizabeth II's Platinum Jubilee Medal (Manitoba) is a visible and tangible way to recognize 1,000 outstanding Manitobans of all ages and from all walks of life, who have built and continue to build a caring society and province through their service, contributions, and achievements. To ensure that every field of activity is recognized, Trusted Partners are invited to select recipients from their community or organization for this honour. The list of partnering organizations will soon be available on the Manitoba Protocol Office's departmental website. This medal program is one element of the Province's Platinum Jubilee celebrations. The Protocol Office (part of the Department of Sport, Culture and Heritage), in partnership with the Office of the Lieutenant Governor, administers the program.

To be eligible for this honour, a person:

- Must be a resident of Manitoba or have a tangible link to Manitoba, at the time the medal is granted;
- Must have made a significant contribution to Canada, Manitoba or a particular Manitoban region or community;
- Must have been alive on February 6, 2022, the 70th anniversary of Her Majesty's accession to the Throne. The medal may be awarded posthumously, as long as the recipient was alive on that date.

Guidelines for the Selection of Recipients:

The following guidelines will provide direction when selecting deserving recipients. A recipient should meet one or more of the following criteria:

- A meaningful contribution to reconciliation;
- A meaningful contribution to community growth or volunteerism;
- A meaningful contribution to the promotion of Manitoba's cultural fabric and diversity;
- Military service or support for veterans; or
- A meaningful contribution to Manitoba's pandemic response

The awarding of this medal should focus on the achievements of persons who have helped to build the Manitoba of today, including seniors, volunteers, veterans, and youth. The recipients will have distinguished themselves from others in the same field.

Recipients should be respected individuals within their community. The recipients' names will be part of the public record. Your selections should be inclusive and reflect the demographics of the region or community.

I am reaching out to you for your input for possible recipients of the Queen Elizabeth II's Platinum Jubilee Medal in your Municipality. The nominations must be returned prior to June 3, 2022 to the Manitoba Protocol office, so time is of the essence.

I am look forward to hearing from you with any suggestions for nominees.

Sincerely,

Cliff Cullen, MLA
Spruce Woods

NEWS | April 11, 2022

Budget 2022 recognizes municipalities as an essential partner

Last week's federal budget recognized municipalities as an essential partner in solving our greatest national challenges, with housing affordability as a top priority. To build better lives for Canadians on the other side of this pandemic, we will need to continue building on our federal-municipal partnership.

In addition to investments on housing, Thursday's budget delivered key commitments to help communities fight climate change and tackle weather-related disasters. It also includes key measures that address the distinct need of rural municipalities.

FCM will continue to press our recommendations that were not included in the budget and ensure the investments announced last week deliver real solutions in communities of all sizes in every region.

Together, we will continue to press forward to bring concrete local solutions to national challenges and build the strong recovery Canadians deserve.

NEWS | April 25, 2022

Housing crisis doesn't lack solutions – it lacks collaboration

The housing affordability crisis has recently been dominating national discourse, with different points of view and potential solutions covered by national media. In an op/ed in the Toronto Star, FCM's CEO Carole Saab says: "The solution to the housing crisis is action – coordinated, ambitious, and immediate."

In Budget 2022, the federal government committed \$4 billion to a new Housing Accelerator Fund. If designed well, directly with municipalities, it has the potential to deliver effective and efficient housing solutions for more people, in less time than ever before.

Every single order of government – provinces and territories, the federal government, and municipalities – has a role in addressing this massive challenge, as do the not-for-profit and private sectors. And this, is why Saab argues that it is essential for governments work alongside municipalities instead of bypassing them.

New funding available for inclusive communities

Our Canadian Women in Local Leadership (CanWILL) project is launching its second round of applications for Inclusive Community Initiatives (ICI). This is an opportunity for 10 to 12 communities to receive up to \$10,000 each for initiatives that support women's participation in local leadership. Activities must be implemented in partnership with local community groups. Deadline to apply is June 10.

Nominate a retired woman leader for FCM's Ann MacLean Award

Nominations are now open for the Ann MacLean Award for Outstanding Service by a Woman in Municipal Politics. It recognizes retired women municipal politicians who have shown exemplary service to their community and constituents and who have mentored, or are mentoring, women elected to municipal office, or women who are interested in running. The award is named in honour of FCM Past President Ann MacLean.

How mayors and councillors are advancing local climate action

Are you an elected official interested in advancing local climate action? Not sure where to start or how to overcome challenges related to competing priorities or limited resources? Read our interview with four climate leaders from across Canada to discover how engaged mayors and councillors can take action and build climate resilient communities. You'll learn:

- What point communities are starting their climate journeys on
- How to overcome common barriers
- What climate actions to pursue
- And more

Infrastructure and the Federal Budget

Budget 2022 announced changes to the Investing in Canada Infrastructure Program, including extending the construction deadline as well as a new requirement that provinces and territories must identify remaining Investing in Canada Infrastructure Program funding priorities by March 31, 2023. The additional flexibility for completing Investing in Canada Infrastructure Program-funded infrastructure projects is welcome given COVID-related delays, supply shortages and the need to manage construction timelines. FCM President Joanne Vanderheyden shared her comments with the National Post.

Data Literacy Online Boot Camp with Statistics Canada

Statistics Canada's Data Literacy boot camp has returned! This boot camp is designed to introduce public servants to a wide range of skills needed to use data effectively in government. It is tailor-made for people who are new to working with data or need a refresher on the foundational skills and knowledge you need to begin your data journey. The syllabus follows the steps of the [Data Journey](#), which is supported by a foundation of stewardship, metadata, standards and quality.

You'll be guided through seven bite-sized lessons delivered via email which will include videos, quizzes, and articles, as well as other hands-on activities and resources.

The boot camp starts on Tuesday, May 3.

TOGETHER
FOR RECOVERY

FCM ANNUAL CONFERENCE
AND TRADE SHOW
JUNE 2-5, 2022

AC2022: Childcare services and hotel reservations

FCM's 2022 Annual Conference and Trade Show will be the fullest national gathering of municipal leaders since 2019. To ensure members can easily attend this much anticipated event, FCM is proud to offer professional childcare services at the conference for the families of all delegates. Learn more and register in advance to secure a space.

This year's theme is *Together for Recovery* and AC2022 will be held June 2 to 5 in Regina and online. With a line-up of exciting speakers, interesting study tours, and an extensive trade show, we wouldn't want you to miss it.

Don't forget – the reservation deadline for all FCM conference hotels is today – May 2. After the deadline passes, hotel availability and rates will be at the discretion of the hotels.

NEWS

FCM presents on climate resilience at Senate committee

Last week, Matt Gemmel, FCM's Director of Policy and Research, presented to the Senate Standing Committee on Transport and Communications, discussing the importance of integrating climate risks into public sector decision making and supporting climate-proof infrastructure in communities. He underscored the need for the federal government to strengthen natural infrastructure and invest in nature-based solutions. He emphasized that taking action to ensure our communities remain resilient in the face of the ongoing climate disasters will require close collaboration between orders of government.

Our members are making an impact in Tunisia

Did you know that our Inclusive Municipal Leadership Program in Tunisia has reached hundreds of women, elected and non-elected? Partner municipalities are now better equipped to adopt inclusive practices. National partners collaborate to integrate gender considerations into laws impacting local politics. The coming months will see the development of a Tunisian Charter for the Right to the City (a tool promoting inclusion) and more gender-specific pilot projects, among other activities.

FCM's work in Vietnam is still gathering praise

Our Solid Waste Management project in Vietnam (VnSWM) ran from 2018 to 2021. It was financed by Environment and Climate Change Canada, and they are still telling us today how delighted they are with the results. For example, in Hoi An, Canadian experts helped to implement new solid waste management solutions to reduce greenhouse gas emissions from landfills. VnSWM also led trainings to increase domestic composting volumes. We thank Nanaimo, BC and Shuswap Regional District, BC for their participation.

NEWS

New funding for electric vehicle charging stations

Natural Resources Canada has launched a Request for Proposals under the [Zero Emission Vehicle Infrastructure Program](#). It targets electric vehicle charging and hydrogen refuelling infrastructure projects in public places, on-street, workplaces, multi-unit residential buildings and for vehicle fleets. This \$680 million initiative supports the deployment of a network of zero emission vehicle charging stations (Level 2 and higher) and hydrogen refuelling infrastructure.
